

**Connecting our Congregations with our Cause:** The World Missions department serves the AFLC by connecting our congregations with the needs of our missionaries laboring for the Gospel.

**Our Passion:** We are passionate about planting free and living Lutheran congregations through evangelism and discipleship wherever God opens the door and supplies the need. We also support Bible school and theological training centers, our Ambassador Institute orality training method, children's homes, orphan & widow care, and food & flood relief ministries.

**You can be actively involved in AFLC World Missions by:**

- Praying regularly for the missionaries and ministries in your Bible Study prayer times, in your small groups, and in your personal devotional time.
- Becoming a \$25 monthly supporter of one of our missionary families or our World Missions General Fund. Click on **Giving Options** at [aflcworldmissions.org](http://aflcworldmissions.org). Our greatest financial need is for monthly supporters. Every gift makes a difference!
- Inviting our director, Pastor Earl Korhonen, to visit your congregation for a mission service or festival, or Bible camp.
- Considering a one-time gift to a need on the 2021 Approved Special Projects List under the Giving Options tab on our website.
- Joining Journey Missions on a student or intergenerational trip to one of our mission fields. See our website for opportunities.
