

Jonathan and Tamba Abel—Maringa, Brazil

TIME JOURNAL

November 2018

On him we have set our hope that he will continue to deliver us, as you help us by your prayers. 2 Cor. 1:11

Dear Friends,

From Our Daily Bread, this verse reminded me of our present circumstances. Many have been praying for Jonathan's jaw surgery that was scheduled twice, but now both times, has been canceled.

This second time was because we learned of a Dentist specialized in jaw treatment, etc. and after checking out the exams, she said Jonathan's problem was muscular and would not require surgery, just the usage of plaques for working the jaw back into its place. It will take some time and adjusting, but should resolve his problem. PTL!

Since this is Thanksgiving week, many answers to prayers come to mind to be thankful for. Yesterday we went to pay our house' rent and would need to renew the contract with lots of paperwork, etc., but were told that the landlady would just need to sign a paper and also, that our rent would not be going up this year. PTL again!

Lately, the Lord has brought many new people into our lives that are in need of prayer or salvation. A young mother with leukemia - she has an unemployed husband and two young daughters. Another family that the father comes every 2-3 weeks to visit, as he works in a different state. They are coming to church and seeing prayers answered. Michelle has friends that don't have Christian homes but that come to church with us on a regular basis. It is such a privilege to be able to live and shine Jesus to all these people.

It is also a privilege to know we have your prayers backing us up. With prayers we can see firsthand God's deliverance and answers!

Thank you!!! Happy Thanksgiving!!!
Jonathan, Tamba & Michelle Abel
